HOYT'S GUM GLUTEN FLOUR

Gives entire satisfaction to the physicians and patients wherever used in the treatment of DIABETES, Rheumatism, Obesity, Stomach and Kidney Troubles. The use of our products reduces the percentage of sugar in the system, and the variety makes the starch restricted diet much easier to adhere to.

We guarantee all our Gum Gluten Products to more than comply with the Government Standard requirements.

U. S. STANDARD FOR GLUTEN.

"Gluten Flour is the product made from flour by the removal of starch and contains not less than five and six-tenths (5.6) per cent. of Nitrogen and not more than ten (10) per cent. of Moisture."

NOTE—Using the factor, 6.25, employed by the U. S. Government chemists, Standard Gluten Flour must therefore show at least thirty-five (35) per cent. protein.

GUM GLUTEN FOODS—Where Produced

A barrel of flour (196 pounds) yields about sixteen pounds of Gluten and one hundred and fifty pounds of starch and other starchy products. It is therefore, obvious that Gum Gluten can be produced economically only in a wheat starch factory. No milling process can produce starch, neither can it produce gluten.

THE HOYT PRODUCTS

Gum Gluten Flour makes excellent bread.

Gum Gluten Self Raising Flour for griddle cakes, biscuits, muffins, etc.

Gum Gluten Breakfast Food takes the place of many breakfast foods that are forbidden on account of their starch, and is very palatable and nutritious.

Gum Gluten Granules may be eaten un-

cooked as a summer cereal or when cooked give an added variety.

Gum Gluten Biscuit Crisps take the place of bread to many persons who do not live at home and who therefore are unable to obtain genuine Gluten Bread. They can be substituted wherever bread or crackers are used.

Gum Gluten Noodles used in place of ordinary noodles.

Our products are sold by leading grocers in cities everywhere. Send for BOOK OF RECIPES, literature and nearest agent's address.

DRUG HABIT CURED BY THE PINE TREATMENT

The Pine System cures Drug Addiction just as you cure most curable diseases by removing the CAUSE. Without the harsh method of sudden or gradual withdrawal, it goes to the root of the trouble direct by means of a thorough and systematic course of ELIMINATIVE TREATMENT. This is kept up till the poison has been entirely thrown out of the system, and all craving naturally ceases. The treatment is then adjusted to secure proper functioning of all secretory and excretory organs and restore the entire nervous system to its normal equilibrium. This method has never failed to effect a complete cure without pain or suffering. No harsh measures are employed. Special attention is given to diet. The surroundings are luxuriously comfortable. Treatment requires from 10 to 14 days, except when serious complications exist. Correspondence solicited.

DIETITIANS

An absolutely new and scientific treatment for Obesity without the aid of drugs. This method is neither harmful, injurious nor weakening. It is decidedly effective. Results come quickly. This is the only treatment which reduces the fat and the blood pressure at the same time. The loss of weight is constant and continuous between the treatments. In order to demonstrate this new treatment in a partial way, I have equipped my residence here at 143 West 71st Street, New York City, and am successfully reducing these cases.

The TREATMENT at the different SANITARIUMS or HEALTH HOTELS which I intend to construct and equip will have all the advantages of institutional treatment, including the following:

1. Constant supervision and care of the patient.
2. Regular graduated, systematic open-air exercises rigidly enforced and faithfully carried out.
3. The scientific and proper Regulation of the Diet.
4. The scientific application of Hydro-therapy with the latest and most modern Hydro-therapeutic Apparatus.
5. The scientific application of Electricity in every form that is useful or beneficial to the patient.
6. Plunges and swimming in the Pool.
7. Proper exercises under expert instructors in the Gymnasium.
8. Out-door exercises upon graded walks, running tracks, etc.
9. Nauheim Baths and Schott exercises for Heart Complications.
10. Hydro-electric baths for nervous patients.
11. Electric light cabinet baths, hot air cabinet baths, etc.
12. All hygienic and sanitary conditions of the best. Fire-proof, elegantly furnished and comfortable.
13. Hand ball courts, basket ball courts, lawn tennis courts, bowling alleys, etc., etc.

With all these appointments and comforts the patients are in a frame of mind to assist materially in carrying out the necessary instructions which will benefit them greatly.

The three Sanitariums about to be constructed are located in Point Pleasant, N. J., Nassau County, L. I., and on Fire Island, the healthiest place in the U. S., according to U. S. Government reports.

are an aid to the Physician and Surgeon

They give corrective support locally and specifically without slipping or stretching.

La Grecque is a Combination Corset and Belt, dependent on spine and buttock for control and absolutely independent of straps or hose supporters.

La Grecque Maternity Corset meets the physician's approval and gives great comfort and security.

Our Surgical booklet will prove of interest to both the profession and their patients. Mailed upon request.

The Keeley Institute

DWIGHT, ILLINOIS

THE PARENT HOUSE OF THE KEELEY INSTITUTE SYSTEM

ESTABLISHED 1880.

FOR THE TREATMENT OF ALCOHOLIC INEBRIETY, OPIUM AND ALL
OTHER DRUG ADDICTIONS, THE TOBACCO
HABIT AND NEURASTHENIA.

By the Keeley system functional inebriety is ALWAYS cured and the appetite entirely removed; this is accomplished by elimination and the toning up of the nervous system. There is no nausea or other sickness, but the general health improves from the time the treatment begins. Entire freedom is accorded and there are no annoying or vexatious restraints.

No claim is made that the organic changes of chronic alcoholism will be remedied. By removing the craving or necessity, however, and proper elimination, the improvement in the general health enables nature in time to repair the damage. The history of the treatment of chronic alcoholics by the Keeley system always shows marked improvement of collateral ailments and often complete restoration.

Every patient receives a thorough clinical examination, and the treatment is adapted in all cases to the peculiar needs of each.

Comprehensive literature free upon application and all correspondence strictly confidential.
